*Dean and Roy L. Steinheimer Jr.
Professor of Law*

THANK YOU FOR JOINING THE LAW SCHOOL in celebration of our community’s intellectual engagement and our faculty’s impressive scholarly achievement. As dean, I could not be prouder of my colleagues and their influential work. We are immensely fortunate to enjoy so many nationally and internationally respected teacher–scholars on our faculty. The publications of these talented W&L Law professors touch on the most important and complex legal and policy issues of our time. Their research offers ideas and solutions for improving our communities, our nation, and the world. Our faculty share their expertise in corporate governance, intellectual property, constitutional law and theory, transnational law, climate change, the Sixth Amendment jury right, tax, and much more. Our students, in particular, benefit from the breadth and depth of our faculty’s research and inquiry, many as research assistants and all as students in our classrooms and clinics.

We appreciate you all for helping us recognize the faculty’s important work. ■
