# For the Civil Practitioner

## *A review of all 1995 civil, federal-question cases decided by the Fourth Circuit\**

### *Introductory Notes*

1. This is the fifth annual review of Fourth Circuit civil cases. Our past reviews covered only a portion of the Fourth Circuit's decisions but analyzed those decisions in some detail. This review covers all civil, federal-question cases decided by the United States Court of Appeals for the Fourth Circuit in 1995.

2. The cases have not been critically analyzed; rather each case has been summarized briefly to highlight the major points of law. Our aim is to direct the reader's attention to those cases which might be of interest to his or her practice.
